**Mitigating Circumstances	**Aggravating Circumstances
Strong support system – including family, friends, and/or members of the community	Shortness of time under supervision prior to violation – A violation has occurred within the first 60 days
Demonstrated willingness to cooperate with supervising PO	
Positive attitude toward supervision	Excessive compliance violations over recent months – 3 or more compliance violations over the last 4 months
Extended amount of time of successful supervision since last violation	Violence/threats/intimidation during violation
Stable period of employment	Failure to demonstrate positive attitude toward supervision – behaves in a way that shows blatant disregard for the conditions of supervision and for the safety of themselves or others
Substance addiction – struggling to remain sober while awaiting treatment placement	
Other: Other circumstance which makes a decrease in level of response appropriate	
**The presence of mitigating/aggravating circumstances does not require they be applied in imposing incentives/interventions. **Deviation of MIIG-designated level should occur in less than 10% of instances. **Use of mitigating/aggravating circumstances only allows for a deviation in level that is one higher or one lower than level designated by MIIG. **Deviation of MIIG-designated level is permitted for public/victim safety concerns; Requires staffing. **Because appropriate interventions are selected on case-by-case basis, exhaustion of appropriate interventions is individualized.
